

1. Parents with younger children, preschoolers and babies park in the lot between Small House and the LHBC structures.
2. If two parents are with their young children, please consider dropping off one parent and the kids at the children's building and parking further away from the children's building.
3. Please consider carpooling.
4. Please save parking around perimeter of the church for guests/ seniors/handicapped.
5. Please obey signage.
6. All who are able are asked to park in the outlying lots so that guests and persons with special needs can park closer to the building.
7. The able bodied are asked to park on the new lot on the Westen side of HSCC and other general parking areas.

	Parents with younger children, preschoolers & babies
	Guests, senior adults & handicapped

Parking Lot Update Spring '09

You have already noticed the impact that the building project has had on our parking as work on the building pad for the expansion has begun. This means that new traffic flow patterns and designated parking areas will go into effect on Sunday, May 31st.

Your patience and flexibility are so greatly appreciated for the next 12 months of the construction phase. This is what is needed from you:

1. An understanding and gracious spirit as you deal with the parking/traffic flow challenges.
2. Please follow the direction of the police officers and parking lot ministry servants as they get you on and off the church property in a timely manner.
3. As you change your parking habits, remember your sacrifice of convenience is your gift to our guests, young families, senior adults and the handicapped.
